Certificate of Employment for Robert Rong

Swisslinx is a privately owned consultancy specialising in technology and financial recruitment. With an office in Zurich, we offer a full range of sourcing solutions to local and global institutions across a broad spectrum of strategic sectors and specialize in attracting, selecting and securing outstanding talent at all levels.

We hereby confirm that Mr. Robert Rong, born on the 05/08/1961, Dutch citizen, was employed by Swisslinx AG from the 01/02/2022 until the 31/12/2024. During this time, he was assigned 100% (41.25 hours/week) to our client, Swiss Reinsurance as Application Engineer.

In this position, Robert's main duties and responsibilities included the following:

- Develop data integration- and business services as a microservices architecture
- Ensure applications are performing and tested against requirements
- Ensure compliance with CI/CD and automated testing and build pipeline
- Prepare unit test for automated testing
- Performing code reviews
- Fixing bugs and issues in deployed applications
- Demonstrate expert understanding of the Java application development stack and tools
- Understand architectural issues, and factor them into decisions and

Our client, Swiss Reinsurance has given the following feedback:

"Robert has outstanding skills and knowledge which enabled him to successfully handle all assigned tasks. Robert duties were performed to our full satisfaction. Robert was very good at handling pressure as well as critical deadlines. Robert had an excellent working relationship with his colleagues and superiors. He worked very professionally and was always appreciated for his commitment during the project. We would not hesitate to re-employ Robert and can highly recommend him."

Robert's contract was not extended as the project he was recruited for came to an end.

We would like to take this opportunity to thank Robert for the valuable commitment and wish him all the best for his professional and personal future.
